

For once a three sum with a gigolo

It was the biggest wish of Peter (36) to see his girlfriend José (35) have sex with another man. This became René (37). For a hundred and fifty euro's. Separate from one another they shared their experience.

She

José (35): " I am most definitely not bored with Peter. We are sensual people who still make love every day. Our sex-life is great, just because we are honest about our fantasies. At the top of my list, I always wanted to have a three sum and Peter his list had the same fantasy as well, to see me make love to another man. But how do you find the right person? To go to a pair-club is a bit too farfetched for me. I get visions from dirty men, when thinking about pair-clubs. That's why a Gigolo seemed like the a better alternative, someone who you can screen up front. When I Googled it, I came across 300 different websites. After a broad selection, Peter and I decided that we would carefully try an erotic masseuse. A masseuse does not go all the way, but still approaches the intimate parts. This way, we both could get used to this idea. I for getting used to strange hands on my body and Peter to see his girlfriend with another man. But the masseuse wasn't a success. On his website he mentioned that he was 1.85 meter tall, however he was shorter than me and I am 1.76. He gave me a massage, however without any emotion. His appearances was a disappointment as well. He wasn't a Greek god with beautiful genitals, more a very thin man. Still, we did not give up hope, especially after having such great e-mail traffic with René. His website seemed very professional, and he like not many, actually sent us pictures of himself. He wasn't too bad looking. A very nice face. Both Peter and I had a good feeling with him and decided to take the chance. Beforehand we were so nervous. I lost 5 kilo's the week before from the stress and even drank two Malibu's, Peter drank almost 2 bottles of wine. René appeared to be a slim man with tall long legs. He entered the premises very self-assured and introduced himself and said: "I will make love to you in a second and we will make a party out of it with the three of us". It sounded good, even though my tuff Gigolo only drank one glass of water. After ten minutes René and I went upstairs, where he started to massage me, so that I could get to use to him and get in the mood. Peter and I had emailed René our do's and don'ts. No anal sex, safe and we should be able to say stop at all times all three of us. Knowing that gave me a feeling of safety. René make me lie on a towel and undressed me until I was in my panties. He started to massage me. This was okay. We did not kiss, I did not wanted to do anything without Peter. After half an hour René called Peter in. I took off my lingerie and cherished the four hands touching my body from that moment on. Amazing. Taking turns I kissed both men. René kept asking if I likes all of that and still wanted it. That was a bit too much asking in my opinion. I'm attracted to voices and he did not have a manly voice. I rather wanted him to not speak that much! I did think it was very horny that I was kissing René while Peter was licking me. As if I was playing in a porn-movie. The most, I enjoyed the happiness of Peter. He did not seem jealous at all. His eyes were shining, this was exactly what he wanted. I did not come with the tongue of René, my own man had to do this. René exactly knew which places to touch and when, he was very experienced, but did not trigger me as much. Looking back, he actually was a bit of a disappointment. My fantasy of a gigolo was a tuff, big guy who would figuratively speaking, hold me against the wall and make me growl of pleasure. Someone like Richard Gere or even Sean Connery.

Porn, but with respect. René was a bit too soft, careful in my opinion. He will be great for the lonely ladies who have had unpleasant experiences with sex. He was very attentive and makes you feel comfortable. He however gave me too much the feeling of making love to me, and I only do this with my own Peter. Will this be repeated? Than this with a very attractive, hot guy we meet at the beach in Spain. I am done with pre-arranged three sums' “.

He

Peter (36): “ I am a very jealous man. If José would ever get it in her mind to cheat, I will go mad. José is a very attractive woman, who gets a lot of attention from men. Especially customers from her restaurant, often dare her to have sex with them. I do not like this at all. Knowing this, It seems a bit weird wanting my own woman to have sex with another man. The idea of hiring a Gigolo is ninety percent my idea. But it is no self-torture. I like to watch porn-movies where a woman gets pampered by two men. It seemed really cool when the same thing would happen to my girlfriend. But than us two with someone professional. And one who did not want anything from me because I am straight. José and I shared this fantasy. The more often we talked about this, the more confident we got to make this fantasy come true. It took care of a lot of foreplay in bed. And before I knew it, José was looking for Gigolo's on Google. There was a military guy who she really liked but he asked four-hundred euro's for his services and maybe he was a bit too handsome as well. With René we both had a good feeling. He came across very sympathetic. I sent him very naughty messages asking him if he really wanted to give my girl a good time. He wanted that. On a Thursday night he was at our door. I drank myself some courage beforehand. Saying it and doing it are different things and previous experiences with an erotic masseuse were disappointing. René looked a bit skinny, not a tuff big womanizer, rather a skinny man. He came directly to me. That gave some trust. He told me that he would give José a relaxing massage, but that nothing would happen without my presence. I did find it difficult that they went upstairs together, but soon I understood that it was necessary to break the ice. After twenty minutes and two beers, I went upstairs to size up the situation. José laid on the bad, and René stood there very neatly with his boxers. I walked up to José and started kissing and licking her. She took of René his boxer and but his genital in her mouth. Okay, this was it. We began. The most horniest moment was the moment when she came back from a little break to the bathroom, where Rene and I were naked in bed and she could choose who she wanted. To tease me she went down on her knees to give René a blowjob first. While José was doing that, René looked at me and said: She knows how to work it, doesn't she? I loved that. I did not feel any jealousy. I knew the ropes were in my hand. It was all too exciting. However, after one and a half hour it was enough for me. I just had an orgasm, and José was kissing René when I thought it was swell. I asked José if she wanted to continue and she said I don't mind, but seeing her face I knew it was enough for her too. I grabbed a towel for René and gave it to him and said: 'well pall you can go and get a shower now'. He was bewildered. He did not had an orgasm and he was enjoying the caressing of my woman. I crashed the party just in one minute. But yeah, whomever pays, makes the decisions. He was professional enough to understand that he shouldn't continue. René wasn't a threat to our relationship. It is now three months ago and I look back with enjoyment. Especially when José and I make love, we bring back a lot of memories. We can talk about this for years. Inviting your neighbor for a three sum, you have to see him every day. This was a onetime only thing, without the feelings or commitment. I do not regret it at all. This was my ultimate dream. Especially when José had my penis in her mouth and René his penis in her vagina. I created my own porn-movie”.

The gigolo

René (37): “ Already in the First email I got from José and Peter, they had told me they had a disappointing experience with an erotic masseuse. José told me that he was a bit too pushy and was thinking too much of himself instead of her. Let alone her boyfriend. Peter stood there just for the show. I needed to work this very careful otherwise they might shut down. With that scientific information I drove to the house of José and Peter. I was pleased by the appearance of José; a blond lady with an amazing body. Ask a hundred guys what they think of her and 99 will say she is good looking. I slightly got aroused thinking about sharing the bed with her later on. José was pleasant to communicate with, probably because she works in the catering industry. Peter, a tall man with a masculine upper body, was even more pleasant. We drank coffee and suggested to go upstairs for a relaxing massage. This usually works to make the woman comfortable with my touches. I do nothing erotically, it is purely relaxing and the woman is still wearing her lingerie. I always work with long-hour appointments against an all-inclusive rate of a hundred and fifty euro’s. This way no one has a feeling that there is a time pressure. José and I disappeared in the bedroom and Peter stayed downstairs, but he came to check up every ten minutes. Then I made a little chat with him. I asked him how it felt that I was touching his girl and he asked her if everything was okay. She answered that the massage was delightful and he said: ‘continue’ and disappeared again. The door stayed open at all times. I intended not to do anything that went against their wishes. They were the in the center point and I kept asking if they liked it. After about an hour José was very loose. Peter came and started kissing her. She got even more relaxed. For me it was the start signal to get more intimate. I undressed her and myself and gave a body-to-body massage. I tickled her back and ass and enticed her breasts. I let Peter enjoy it as well. We both took one breast in our mouths at the same time. It was their fantasy that two man would do José at the same time. And the other way around, that Jose would give us a blow job. Or that one of us would lick her and she would satisfy the other orally. I am a hundred percent hetero, I do not mind lying in bed with a naked man, but I would never do something with hi,. What I loved about this couple is that I let José squirt a couple of times. It is often a challenge to make woman who are sexually un-experienced find their G-spot and make them squirt while they have an orgasm, however José knew it already. I think it happened a couple of times, because we had such a great click in bed. After an hour or two the game was over. After Peter had his orgasm he said that it was enough. I think that José wanted to continue but when the man says it is enough, than I stop. I did not have an orgasm yet and I did find it too bad, however I get paid by my employers, whether or not I get an orgasm. After that I left quickly. Usually couples are tired but fulfilled after that and want to be together by themselves.

You can split my appointments in four groups. Single women between twenty-five and forty, recent divorced women and married women who are in a unhappy relationship without much eroticism. The last group are couples who hire me. Young couples who see a three sum as the icing on the cake. I do not get weird proposals. That is because I do not answer vulgar messages. Respect is very important to my for both parties involved. I got an email from José later on saying thank you and: ‘With Peter I make love, with you it was fun in bed’. Very nice to hear that. Then I know I did a good job.
